Product information

The hardened steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.

The waste container can be easily removed and emptied.

The full bin is indicated via the display and the machine switches off automatically.

Quiet operation

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

Low power consumption

The stand-by and automatic switch-off features ensure a high degree of energy saving when the shredder is not in use.

Anti-paper jam function

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

Automatic start/stop

The operation is very easy: the device starts automatically when fed with paper and automatically stops after shredding is complete.

Lifetime warranty on solid steel cutting rollers at security levels P-2 to P-5 (according to ISO/IEC 21964).
